# TURRET STEEL COMPANY HISTORY

Turret Steel Industries, Inc. was founded as Turret Steel Corp. in 1970, in the New York Metropolitan area. In 1979, our warehouse and sales office were relocated to Leetsdale, PA, just outside of Pittsburgh, PA.

Wayne Gould, second-generation owner of Turret Steel Industries is the company's President and CEO.

In 1996, Turret acquired the steel bar division of Azcon Steel in Gary, Indiana.

In 1998, the company acquired the Sunbelt Steel Company that was renamed Sunbelt-Turret Steel, Inc., a large diameter steel bar supplier and processor in Charlotte, NC.

In 1999, the company purchased a 160,000 sq. ft. warehouse facility in Warren, OH that enabled the company to consolidate a number of operations and add to the many services that are offered.

In 2002, we acquired a state-of-the-art, 80,000 sq. ft warehouse in Chicago, IL (just minutes from Midway airport).

In 2004, we acquired a 110,000 sq. ft. warehouse in Charlotte, NC.

In 2007, we acquired a 100,000 sq. ft. warehouse in Cooper TX.

In 2008, we acquired a 100,000 sq. ft. warehouse in Dos Palos, CA.

In 2009, we acquired a 35,000 sq. ft. warehouse in South Windsor, CT.

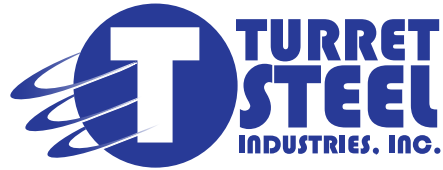

In 2009, we acquired a 14,000 sq. ft. office building located in Imperial, PA where our sales and corporate office are now located.

In 2010, we acquired Wilcox Steel, a manufacturer of cold drawn bars located in Green Bay, WI.

Turret Steel Industries, Inc. is the premier distributor of Special Bar Quality carbon and alloy bar stock. Rounds, squares, flats, round cornered squares, hexagons, billets and blooms are shipped from one of our fully stocked warehouses to locations throughout the United States, Canada and Mexico. Special services such as bar turning, straightening, cold drawing, saw cutting/shearing to length, heat treating along with custom inventory stocking and just-in-time shipment programs are available.

We welcome the opportunity to service your company and ask you to contact one of our many locations for a prompt and competitive quotation for any of your steel bar needs.
